The Eulo Date Farm & Winery is situated 67 km west of Cunnamulla near the Paroo River at Eulo and along the Adventure Way, the gateway to South Australia & Burke & Wills Country. Fresh & chewy dates and the by products of dates are our specialty. We also specialise in figs. Palm Grove is Australia's most remote winery. Call in to taste our date table wines which are made on the premises and which capture the aromas and unique flavours of dates grown in the inland of South West Queensland.

Ian & Nan Pike welcome visitors to Palm Grove Date farm & winery from March to end of October each year. Tour groups are welcome however so we can make your visit memorable prior advice of arrival times by phone/fax would be appreciated.
